All Chapter 11 - Differentiation Exercise Questions with Solutions to help you to revise complete Syllabus and Score More marks. RD Sharma Class 12 Maths Solutions Chapter 11 ... - Section 3-3 : Differentiation Formulas. In the first section of this chapter we saw the definition of the derivative and we computed a couple of derivatives using the definition. As we saw in those examples there was a fair amount of work involved in computing the limits and the functions that

we worked with were not terribly complicated.
