how the internet works by preston gralla

(8th Edition) (How It Works) by Preston Gralla (2006) flag Like Â· see review. Oct 16, 2009 Nabeel rated it liked it Â· review of another edition. Probably the best get-to-know-about I've read about the internet. Very concise, and the examples are excellent. Wed, 07 Nov 2018 08:36:00 GMT How the Internet Works by Preston Gralla - Goodreads - The book does spend a lot of time on simpler, less awe-inspiring technology like email and explaining how HTML works, but this is well balanced out by the visually-based explanations of how routers and other more dynamic aspects of the internet work together. How the Internet Works (8th Edition): Preston Gralla ... - The Internet has changed the world... and, with everything from blogs to podcasts, Internet phones to video, itâ€™s still changing the world. Now, itâ€™s easy to understand how it all works! This bookâ€™s big, brilliant, full-color illustrations and clear explanations make it all incredibly simple!
